NOBODY OVERLOOKS A WORD IN A WILL

The same careful scrutiny is given to your orders for dental materials when they reach the trained personnel of our store.

Whether it be a written or 'phoned order, the utmost care is used to supply the needs of our customers.

Our store is systematically stocked with your every requirement: S. S. White products, and materials and appliances manufactured by other reliable firms, in order to provide the wide variety of items you may desire at a moment's notice.

Accuracy, promptness, and courtesy are the watchwords in our various departments every time we are called upon to serve you. We are always striving to Have Exactly What You Want—at Just the Time YOU Want It.

Yours for the asking—a general catalog of S. S. White Products.

Peoria 1, Illinois

IMPORTANT POINTS

▶ *adjustability*

▶ *resiliency*

Two important points—adjustability and resiliency—can be almost positive insurance against poor retention of cast restorations.

Durallium cast restorations are both highly resilient and so adjustable that clasps can be bent as necessary and then straightened . . . or flexed several times in succession . . . all with no fear of metal fatigue or clasp breakage. Yet Durallium restorations, though adjusted and readjusted, retain a degree of resiliency unsurpassed by that of any other known chrome alloy.

Ask your Durallium laboratory—your technician will gladly let you test for yourself the adjustability and resiliency of a Durallium casting.

available through your qualified Durallium laboratory

Dr. Humphrey Reports On Society's Progress

Adoption of Insurance Plan Highlights Year

Editor's Note: Because the report of last year's President, Robert I. Humphrey, contains many recommendations of interest to the members of the Chicago Dental Society, it is printed herewith in its entirety.

Once each year, the Chicago Dental Society turns back the pages of history to measure itself in terms of accomplishments against the glowing plans it made for progress a brief year ago. Some of these plans, we may find, never bore fruit. Others need only a little more time and effort. Still others are of such intangible quality that there is no yardstick by which to measure them.

In reviewing the activities of our Society throughout the past year, it is pleasing to note that there are seven definite accomplishments worthy of special mention at this time.

1. Perhaps no service which the Chicago Dental Society has undertaken during the last few years is of more importance to its membership than the group insurance plan. In view of the fact that the past year was the first full year in which we were able to appraise the benefit of the plan, it is gratifying to know that there has not been a single serious protest relative to the manner of settling claims. This, we believe, is an outstanding record.

2. Another important step in the field of dental progress was the establishment of a standing committee on Dental

Health Education together with the hiring of a program director. We are mindful of the fact that this is a new feature, one that will require supervision and perhaps some changes as experience indicates. Nevertheless, there is no doubt as to the constructive value of this venture, both to the profession and to the public.

3. Steps taken to develop a more worth-while service in the Cook County Children's Dental Clinic are progressing satisfactorily and it is the sincere hope that this important piece of work will be carried through to a successful conclusion.

4. The success of our annual Mid-winter Meeting was outstanding in that we had the largest attendance in history. It is my belief that the new feature of entertaining visiting dignitaries which was inaugurated this year should be continued. Perhaps there should be some modification in the set-up, but the fundamental principle behind this endeavor, in my opinion, is entirely sound.

5. The American Dental Association, as we are all aware, indicated a desire to hold its annual meeting in Chicago next year. Our official invitation has been extended to the proper officers and tentatively accepted. I believe the officers and board members should be commended for their friendly attitude in the handling of this enterprise.

6. Our financial portfolio is now in the

strongest position that it has enjoyed in the history of the Society. While our success is not necessarily measured by the assets we possess, financial soundness is a tribute to the wisdom of our officers and directors, both past and present.

7. Our membership at the present time is at an all time high. The total as of May 19 was 3,767.

CENTRAL OFFICE

One of the most pressing problems facing our Society today is the necessity of providing adequate space for the Central Office. Present quarters are crowded and inefficient with no facilities for our many board and committee meetings. All meetings, except very small gatherings, must be held at one of the hotels, precluding access to files and other valuable information necessary to intelligent functioning. Since hotels charge from eight to ten dollars for the use of suitable meeting rooms, additional expense is incurred.

Our Business Manager has on several occasions proposed to the officers plans which would provide more efficient service to our membership. These additional services, however, cannot be inaugurated until additional space is available. It has been suggested, for example, that we purchase an addressograph machine and do all addressing of the various mailings to the membership in the Central Office. Adoption of such a system would result in far greater accuracy and control of all mailings than is possible when the addressing is done by an outside organization. With the installation of such a system, all mailing for the branch societies could be done through the Central Office thus eliminating duplication of mailing lists in the branch societies and relieving branch officers of the necessity of keeping a mailing list, addressing broadsides, etc.

Probably no member of the Board doubts the need or desirability of having larger and more suitable quarters for the Central Office. Our problem is to locate such quarters. Inasmuch as desirable space will probably not be available in any of the better office buildings in the

Loop area, I propose that the Society purchase a two or three story building in a suitable location, such as the Near North Side, and remodel it to meet present and probable future needs of our Society. I am certain that suitable quarters could be found in a convenient location at a price within the means of the Society. In fact, it is my opinion that the Society could purchase, remodel and maintain suitable quarters at a cost that will, in the long run, be more economical than the present plan of space rental. Purchase of our own headquarters represents a financially sound investment in efficiency, service and prestige. It is my recommendation that the incoming president appoint a special committee to thoroughly investigate all phases of this proposal.

PRESIDENT-ELECT

One other point that I believe should be considered by the Board of Directors is an amendment to the Constitution and By-Laws whereby the president-elect would become an officer of the Society and would then be given the right to vote on the Board. Under the present Constitution, the president-elect is not listed as one of the officers in Article IV, although in Article XIV of the By-Laws he is given the privilege of attending all meetings of the Board of Directors. Customarily the president-elect of the Society is a man who has served previously as a director, an officer or both, and during his term of service he generally acquires a fine background of experience and knowledge on questions that come before the Board. To deprive him of a vote upon election to the office of president-elect seems quite unfair and shortsighted. Oftentimes the president-elect, realizing he has no right to a vote on the Board, will hesitate or even refrain from expressing any opinion on questions that are before the Board. I feel that the suggestions and advice of the president-elect should be available to the Board and that this officer should be entitled to a vote on any question.

(Continued on page 24)

What Now?

By Frederick T. Barich

One bright, snappy Sunday afternoon, my wife, wife's uncle, aunt-in-law (if there is such an animal), daughter, and I mounted the old gasoline chariot and hied away to view the "House of Tomorrow." Said dwelling was to the north of us, and believe me, we didn't need a compass to find it. The direct line of traffic was encountered about two miles from the spot. We affixed our eyes to the rear bumper of the car ahead and just followed suit until it came our turn to park and follow the crowd afoot.

After an elapsed time period, we found ourselves approaching the entrance, and to my amazement I saw four walls (conventional) supporting a roof with shingles on it. There were glass windows in the walls, and they were reflecting a brilliant afternoon sun—into our eyes. A paneled door on the entrance actually was suspended by butts (hinges to you). At this point the long chain of humanity kept closing ranks so that my chin

bore deeply into the spine of the big lug ahead of me. My wife's uncle was fused to my backbone.

At the portal a girl on a chair behind a desk was selling admission tickets at two-bits a throw. A very small hall admitted us. The entire interior trail was roped off to keep the suckers from wandering out of line. The living room contained chairs of the usual types in gaudy stripes and colors. Tables, davenport, etc., even had legs on them. The compact bathroom had lavatory, seat, tub, and shower stall in the limited space, ready and almost able to accommodate the entire family and guests at one fell swoop—cozy was the word for it. Both bedrooms were rather small and contained beds, which sometimes are found in bedrooms. The dining room had a fireplace; for what reason I was not able to figure, unless it was an inside outside barbecue.

One unique arrangement was found in the kitchen: a breakfast nook with a legless table. Hold on now; it isn't as mysterious as it sounds, because an inverted center leg was attached to the ceiling. It was too bad that this place had no second story; otherwise, this pole might have served to admit the occupants to breakfast fireman fashion. Oh, yes, I forgot to mention that the whole house had floors in it made of a revolutionary product called concrete. Hot and cold running water could be had by simply turning on gadgets called faucets. No kerosene lanterns were noted, so the place was apparently wired for electricity. (It was daytime, as I previously informed you, and I forgot to inquire.)

There was a combination two-car garage and service room. The overhead doors, which were operated by a magic eye device, were swell for inclement weather and general inconvenience except when it failed to respond. No cars were in the garage, but the doors were open—opened apparently by the sun's slanting rays. No basement, rumpus room, or second floor was there to plague a family with juke box, excess juvenile noises, or broken bones. The color schemes and wallpapers might have been painted and chosen by Dali or Picasso in moments of extreme ecstasy or manic depression. (Which, I was not quite able to determine; maybe it was both.)

While we were there, they were processing the suckers at the rate of 200 per hour by actual count. It is amazing how a bit of clever advertising will lure the gullible public from fireside, radio, or bunk-fatigue to view a 50 grand house worth a fraction of that amount. If this be the "House of Tomorrow," we wouldn't trade with the lot thrown in to boot. You see, we have a juke-box.

NEWS OF THE BRANCHES

WEST SIDE

Vacation time is fully upon us. It certainly is the chief topic of conversation these days. Before touching on vacation news, a few announcements concerning Branch activities. The new committees for the ensuing year have been announced and will soon be functioning toward another successful year on the West Side. Be sure to purchase your dinner tickets now for the regular meetings this fall. Send your check for ten dollars to Lou Weinshenker at 55 East Washington Street. A dinner ticket will actually amount to a \$6.25 saving to each member. . . . Caesar Newman, our secretary, is still on the sick list. We sure wish him a full and speedy recovery. President William Gubbins has appointed Robert Tuck as temporary secretary during Caesar's illness. . . . Fred Porath is vacationing at his summer home in Waupaca, Wisconsin until after Labor Day. . . . The Henry Lee's will be leaving for Pennellwood, Michigan come August 2 for four weeks. . . . Art Jirka just returned from Camdenton, Missouri in the Ozarks where he caught some beautiful silver bass and also enjoyed the Open Air Opera at St. Louis. . . . George Vogt left for Lake Dewey near Dowagiac, Michigan for four weeks. This will surely be a good opportunity to break in that new outboard motor we've heard so much about. . . . Harold Leavitt vacationed for two weeks with his family showing his children a grand time. . . . Elmer Nelson left for two weeks for Northern Wisconsin and Canada. Going after some "big fish." . . . The Richard Leavitts are leaving on that long anticipated trip to Banff, Lake Louise and the Canadian Rockies. We're looking forward to seeing those kodachrome movies Richard will take on his trip. . . . Irv Hecht vacationed for a week with his family at the Wisconsin Dells. . . . Lou Weinshenker is peeling continuously from all the sun on those week ends

at Bridgman, Michigan. . . . Bob Tuck left for Canada. He will go inland from the Thousand Islands for some of that famous Canadian fishing. . . . Bob Baxter left on his trip out West. . . . Gosh!—this could go on and on! What are all those individuals suffering with odontalgia going to do with most of our members on vacation. . . . Sam Kleinman is sporting a beautiful tan from golfing. . . . The baseball pool is at a standstill with Al Sells snowbound at Yellowstone. . . . There was a nice turnout of West Side members at the Alpha Omega outing at Big Run Country Club. A good time was enjoyed by all. . . . The Harold Goldbergs' "did the town" on July 14 celebrating their seventh wedding anniversary. Congratulations! . . . Sid Barteau is still on the sick list having recently reentered Hines Hospital for further observation. We all hope he'll be back with us shortly fully recovered. . . . We extend our most sincere sympathy to the George Barnes' on the loss of their grandchild. Also to the Harold Epsteins on the loss of Mrs. Epstein's mother. . . . We welcome to our membership Henry H. Seifer and Sol Shiret and are sure our association will be both pleasant and worthwhile. . . . The next article will be written by Irvin Miller after which he will leave for Bemidji, Minnesota on a five weeks' vacation. Be sure to send him your news—telephone Seeley 7447.—*Irving Fishman, Assistant Branch Correspondent.*

NORTH SUBURBAN

First off, may I take this opportunity to congratulate Leo Tasto for a swell job at the golf outing for our Branch at the Briargate Country Club. Leo, you and your committee left nothing to be desired. . . . Hugh Mayr of Evanston is taking the month off to go to St. Louis. Reason—to take Lois Jeanne Hunter back as his wife. Yes, the marriage takes place in St. Louis on the twenty-third

of this month. . . . Paul Wilcox returned from Sheridan, Wyoming, where he picked up his mother. Paul remarked that he ran into some cold weather out there. . . . Hal Chason went West for his vacation this year and managed to get in three weeks at Steamboat Springs, Colorado. . . . Harry Chronquist spent a month in Wisconsin and reported the weather was fine. . . . Among the fellows from our group who are going to the American Dental Association Convention in Boston are Pete Mundell and James Keith. Jim Keith is hoping to attend both the meeting of the dental editors and the oral surgery meeting. He then plans to pick up his family at Worcester, Massachusetts, and return from there by way of Canada. This should prove to be an interesting meeting for all the fellows that go.—*R. J. DeWolf, Branch Correspondent.*

KENWOOD-HYDE PARK

Scotty Morange is now a gentleman farmer on his newly acquired summer home near Saint Joe, Michigan. Scotty takes time off from denture work to spend his week ends repairing the fences, cultivating the vegetables or spraying the fruit. Come late summer, Scottie, we will drop in to pass judgment on your farming activities and to sample the produce. Will Spencer tells me that Scotty and his program committee are making preparations for a meeting to plan our programs for the year ahead. . . . I am sorry to report that Les Boyd hasn't heard anything on his slides which were lost or stolen down in Texas. We are still hoping that they will turn up, Les. . . . Willard Johnson is making plans to attend the American Dental Association Convention at Boston and to take in the sights enroute. Gramps Libberton, too, is Boston bound, but he will stop at Albany, New York, to give a denture clinic. Harry Hartley, who is now basking in the sunshine at College Camp on Lake Geneva will also be headed for Boston by the end of the month of July. Harry reports the fried chicken and home smoked ham out Iowa

way to be plentiful. Bob Wells will also be in attendance at the American Dental Association meeting when he returns from that fishing trip. . . . The Villa at Lake Geneva is Bob Pinkerton's week end home. . . . Some of our travelers are back. Ruddy Grief had a swell time in California. Ed Franklin did the same in the Black Hills and Yellowstone, but suggests a road improvement program. On the question of roads, Christ Davidson has returned from New York and points East with nothing but praise for the Pennsylvania Turnpike and the kind of roads the country needs to improve safety and motoring enjoyment. . . . It gives us all a great deal of pleasure to welcome into our membership W. E. O'Connor, M. Sugrue, Allan Drayton and Henry Urban. We know that only through attendance and support can you and all of us get the greatest good and satisfaction from our association. We'll be seeing you at our October meeting. . . . Your scribe expects to check on Christ Davidson's praise of the Pennsylvania Turnpike and eventually arrive at the American Dental Association meeting in Boston. Hope the weather is a bit cooler by then.—*Elmer Ebert, Branch Correspondent.*

NORTHWEST

The Northwest Side was in the lime-light again recently. The flying saucers were reported to be sailing in the vicinity of Irving Park and Milwaukee Avenue. None have yet alighted on my window sill but I keep looking in the hopes of finding a souvenir or two. . . . How did you enjoy your vacation days in Minakawa, Wisconsin, C. A. Stanger? . . . Joe Ulis and his family spent the Fourth of July holidays at Twin Lakes, Wisconsin. . . . Our sympathy is extended to Thad and Waldemar Kwicinski upon the loss of their mother. . . . We've just heard that Casimir Rogalski and his wife spent the Fourth in Cleveland, Ohio. . . . Herman Wenger was host to his daughter Eleanor; son-in-law, Lieutenant William Darnell; and grandchildren, William, Jr. and Lynn Anne. . . . Your

correspondent and Mrs. Gates wish to extend thanks to members of the Northwest Side for letters and telephone calls in the interest of our son, Gregory, who recently received serious burns in a fire on Irving Park Boulevard. Gregory is at St. Mary's Hospital and in a child's vocabulary says, "Thank the boys for me, Pop." . . . Irwin Neer and Mrs. Neer spent two weeks in Michigan City with their two children. . . . Edward R. Pihlfeldt closed his office for a long vacation. . . . S. C. Schroeder is reported to be sick. How about a friendly visit to him, boys? . . . E. G. Faller has been seen commuting to McHenry. Happy week ends to you, E. G. Faller!—*John M. Gates, Branch Correspondent.*

ENGLEWOOD

About one-half of the summer is over; vacations are in full swing but we shall never be free from the duties of living and of writing these lines for our column. This is written not so far away at our vacation spot near Burlington, Wisconsin. We wish you were here and all that rot! On second thought, if you were here this column, perhaps, would not be written. It was a bit of a job to gather together a group of nine of us to keep you posted, but the job was a pleasant one since the men selected responded magnificently. Now all you have to do is drop your line of chatter on a post card, letter or even the phone, if your time permits, to me or, as it will be noted in your column each time, to the correspondent indicated. Our correspondents are as follows: Boles G. Gobby, Chairman; Marion B. Hopkins, Vice Chairman; Webster Byrne, John L. Manning, T. B. Gasior, John S. Boersma, Isaac B. Pomerance, Robert J. Thrap and Francis O'Grady. The July 1 issue of the Fortnightly Review contains their names and addresses in the Roster of Branch Membership. Make a note of this and keep us in mind when a news item develops. . . . Henry Hojnacki, after years in the service, opened his first office at 5719 Archer Avenue. . . . Leonard F. Pawlikowski

promises that just as soon as things get settled in his office at Eightieth and Ashland "he sure would like to come to the meetings." We say to you, Leonard, Amen! . . . Our program chairman, Edmund A. Werre, keeps his "nose to the ground" to see which way the wind is blowing. Send him your suggestions for future programs! . . . Almost all of the officers of the parent Society were present at our recent golf meet at Navajo. You can see what happens when you have an Indian (Navajo) call to golf! Ugh! Ugh! Again we say Paul Kanchier, golf chairman, and his staff did a very good job. It would be a good idea for all of you vacation or business bound Englewoodians to take along not only your golf sticks, slacks, sun glasses and bathing suits but also your last copy of the Fortnightly to have the name and address of the next correspondent on duty. Or course, plain post cards will do; so get some before you leave. If you wish to write more, take envelopes, paper and postage stamps from home or office. We are quite sure that Zenon Krol will not do this latter because after redecorating his office he will stay there to admire his "creation." Perhaps later, Zeke? . . . Please keep our request in mind and send all items for the next issue two weeks from now to our vice chairman, Marion B. Hopkins, 1903 East Seventy-ninth Street, Saginaw 3637 by August 12.—*Boles G. Gobby, Branch Correspondent.*

NORTH SIDE

It's surprising what little news you fellows volunteer. If it weren't for my efficient secretary, who spends several days phoning the North Side list, I'm afraid we wouldn't have a column. Well, vacations are still in full swing, and here is Max H. Krost who plans to spend a month visiting Canada, California and Mexico. . . . R. J. Huerlin will take his usual vacation at Cohasset, Minnesota, the last two weeks of August. . . . Jesse Daniels will be found about twenty-five miles north of Lake Geneva getting in his

usual fishing. . . . L. C. Chapman is planning a visit to the New England States. . . . Gerald and Mrs. Freedlund made a short jaunt to Chain-O-Lakes over the Fourth. They usually go to Florida in the winter, where a few years ago he caught a 5' 10" sailfish which is mounted and on display in his office. . . . Mike Schuffert and D. M. Stromberg are somewhere up in the north woods. . . . B. Q. Smith was golfing and fishing in the Upper Peninsula and also attempted some gastronomic feats. It does show a little in his cheeks. . . . Marty Swanson and wife just returned from a sojourn through all the large cities of Florida, enjoying marvelous weather. . . . When it comes to bluegills, ask Syd Goodney about them. He just caught a flock of them up at Minocqua. . . . Ray Miller, who has been out of service about a year, is staying home to catch up on his dental practice. . . . John M. Parsons, a sailing enthusiast, has some nice shots of the Sail Boat Races held in Lincoln Park the thirteenth of last month. . . . Bob Riemer is a delegate to the American Dental Association meeting in Boston and then will spend three weeks fishing up in Wisconsin. . . . Ted Kral, Jr., having completed five years in the Navy, is now part time instructor in Operative Dentistry at Northwestern University. Ted Sr. is planning a western vacation this year. . . . V. O. Watkins is expecting his father here from Arizona in September and will take his vacation then. . . . F. B. Valentine tied for first place in the Father and Son Golf Tournament at Medinah the middle of last month. The championship playoff will come up later. . . . Arnold

Liesemer is keeping the home fires burning this summer, as he usually goes up to Canada at Christmas time. . . . E. A. Lordahl has spent his spare time playing golf at Tam O'Shanter's recent tournament. . . . Ray Cooke has passed the Arizona State Board, and will shortly bid adieu to his host of Chicago friends. . . . I've forgotten where Van Carmichael went, but he says he had an enjoyable time. . . . Harold McIntyre has opened an office in the North Shore Bank Building, after a five year stretch in service. Best wishes for your success, Mac. . . . J. L. Lippert is ready for another vacation, his last one being spent at El Dorado, Arkansas, last May. . . . Al Mark just ups and leaves whenever the spirit moves him, and providing the patients are considerate. . . . It's surprising, some of the comments we get over the phone. One man said we must be hard up for news to call him. Another has been a member for many years and has never been called. Well, there's a group of old "standbys" who attend all the meetings, do all the work and are the ones we've written about in the past. Why don't you all come to the meetings so we can get better acquainted and have more to write about? . . . Dr. Ray S. Cooke is changing his residence to Arizona the latter part of August; therefore, the Phyden Club is having a day of golf and a dinner in his honor at the Skycrest Country Club on August 6. Any of Ray's friends who wish to participate will be welcome. Please contact Bob Pond at Longbeach 0207.—*N. M. Elliott, Branch Correspondent.*

**DR. HUMPHREY REPORTS
ON SOCIETY'S PROGRESS**

(Continued from page 6)

Because of the ever-increasing scope of the activities of our Society, its continued steady growth of membership and its enlarging sphere of influence, it is becoming proportionately difficult for the president to guide our many committees in the discharge of their duties and to participate in all of their meetings.

It seems to me that the burdens of our chief officer could be lightened considerably, and the efficiency of our committees and Board enhanced, if officers and Board members were made responsible for the activities of a given committee. Each officer and each Board member would then act as the liaison officer between that committee and the Board of Directors, reporting regularly to the entire Board. In this way, I believe that the Board as a whole would be more familiar and conversant with all of the activities of the Society. This, I feel, is particularly important in relation to our important Legislative and Law Enforcement Committee in which our membership is vitally interested. It is of the utmost importance that the Board and the membership be fully advised and in-

formed of the many activities and accomplishments in this field.

In conclusion, it is rather difficult to find words to express to each and every one of you my most sincere appreciation for your helpful cooperative endeavor in all that has been accomplished for our Society during the past year. One cannot help but realize, after many years service in dental society work, that our best and most valuable accomplishments are achieved by friendly, frank and honest discussion.

It is my hope that future officers and Board members may experience the same degree of pleasure in serving their Society as the writer has known during the past year.—*R. I. Humphrey.*

Dental practice can ill afford the handicap of denture breakage or the damage to prestige that denture failure entails.

Luxene Selected Laboratories in Chicago offer a means to rid appointment schedules of the waste of denture repairs. They cite actual clinical evidence in telling about LUXENE 44 dentures: virtually no breakage, more certain fit, fewer rebases. In the "Pressure Cast" process, they use a denture moulding technique that gives more accurate reproduction of the wax pattern and lessens substantially the possibility of raised bites or moved teeth.

HARRY J. BOSWORTH CO., 1315 S. Michigan Ave., Chicago 5, Ill.

American hands . . .
skillful, experienced hands . . .
your privilege to use
their lifetime of training
along with your own.

We pioneered for you to seek
a non-precious metal alloy *worthy* of
American replacements
so that it, and we, could give you
our dependability in a lower price range.

FOR YEARS . . . *lifetimes* . . . we have
worked with precious metals in American
replacements for you . . . time-tried,
time-proved, always dependable.

For years, too, we searched for non-
precious metals that would meet our ex-
acting American standards. During those
years we examined and tested, ques-
tioned and experimented . . . *eager* to
find a chromium alloy that we could
pridefully recommend to you.

Then came *Nobilium*. We found it
strong and resilient. We found it suffi-

ciently pliable to permit clasp adjust-
ments, and to protect tooth structure. We
found it sufficiently "weldable" to allow
addition of a clasp or tooth perfectly,
without a line of demarcation showing.

In few words, we found a *non-precious*
metal so fine that it met our high stand-
ards, enabling us to produce for you
high quality restorations in a *lower price*
range

. that all of your patients may
be completely satisfied; that you may
make more money.
